

Justification Letter for the Requested Level of Subsidy

Please accept this justification letter for the requested level of subsidy as part of my application to attend the Summer School on Effective HPC for Climate and Weather, 23-28 August 2020 at University of Reading.

I have requested travel subsidy of £500 as I will be taking the train from Karlsruhe to Frankfurt airport in Germany before taking the airplane heading to London Heathrow, UK and same steps for the return trip. This level of travel subsidy would cover the trip cost.

On the other hand, I will be responsible for visa application fee and related costs. Since, I am Sudanese with non-European passport and to be able to attend the Summer School, I will have to apply for a visa to enter the UK. The visa application fee is estimated to be 119 euros, followed by an appointment for the visa in nearest city to Karlsruhe. The travel cost to Munich where the visa appointment will take place is of around 150 euros minimum.

With sincere regards,
Elzina Bala
