

Motivation letter for travel Subsidy

Dear Sir/Madam

I am a doctoral student at the Department of Meteorology, Stockholm University, Sweden. My area of research includes the variability of circulation in Subpolar North Atlantic using satellite-sensed fields, in-situ and reanalysis data.

Since I have kept aside my Institute fund for attending a conference, I don't have any other money left in my PhD fund. So, I need support from the organizational committee.

I kindly submit this request to obtain the travel subsidy funding for attending the summer school on Effective HPC for Climate and Weather at the University of Reading, UK.

- Travel Expenses: £85, to cover return flight from Stockholm to London.
- Full Package Registration: £800, as stipulated by the Call for Application

I am looking forward to your response. Thank you for consideration of my request.

Sincerely,

Arunraj K Soman
