

JUSTIFICATION FOR TRAVEL SUBSIDY

Dear Sir/Madam,

My name is Innocent Gibbon Masukwedza and I am a PhD student at the University of Sussex under the Peter Carpenter scholarship which aims to empower climate scientists from Africa. The scholarship is covering my tuition and stipend.

The little I manage to save is what I use to support my family back home in Zimbabwe. Had it not been for this, I would have sacrificed to fund myself to attend this very important training that will go a long way in ensuring my success as a researcher.

Regards,

Innocent Masukwedza.
