

SUBSIDY REQUEST LETTER

Dear professors of the organizing committee of the Summer School on Effective HPC for Climate and Weather:

My name is Melissa Medina and I am writing to you to request the *Travel Subsidy*, because I would travel from Peru to England and I think this course would be of great help for my training as a researcher and continue with the research in climate and atmosphere, being an agent of training of young students as a research professor in the university.

The tentative cost would be: Airfare Lima - London - Lima: 1200 dollars

En-suite rooms: (SHARED BATHROOM FACILITIES) Upgraded: Windsor Hall (single bed)
166.32 Cost per week £

I hope I can count on your support. Thank you very much for your help and attention.
