Dear Selection Committee,

Justification for the subsidisation: Ecuador is a developing country and at the moment there is a “austerity law” in effect, therefore there are no funds for public universities, so traveling outside of the countries is not supported by most public universities at the moment.

Requested level of subsidy: I request the Travel subsidy.

Tentative cost estimate: The flight ticket for the round trip Quito, Ecuador - Reading, UK is about US\$1,220.

Best Regards
