Application for Summer School on Effective HPC for Climate and Weather -
Subsidisation

Dear Dr. Kunkel,

I would like to apply for the 'Attendance Subsidy'. My travel cost will be around £40 and I can pay this out of my Research Training Support Grant (RTSG) from my NERC CENTA funding. Unfortunately, I will not be able to pay the whole attendance fee out of my RTSG. The money I got from NERC CENTA is for my whole PhD study and I need/want to attend big international conferences which are already planned for this money. As well there is no available money for external funded students in my department.

As far as I see, NERC is a partner in the ESiWACE project. Does this maybe mean for me as a NERC funded student, that the workshop would be for free?
